

ACIT'2016
The International Arab Conference on Information Technology
Sultan Moulay Slimane University, Beni-Mellal, Morocco
December 6-8, 2016
CALL FOR PAPERS

The International Arab Conference on Information Technology (ACIT'2016) is a forum for scientists, engineers, and practitioners to present their latest research, results, ideas, developments, and applications in all areas of information technology. ACIT'2016 will include presentations to contributed papers and state-of-the-art lectures by invited keynote speakers. Tutorials on current issues and special sessions on new trends related to information technology and software industry could be organized. This conference is considered the official scientific conference for the Colleges of Computer and Information Society, stemming from the Association of Arab Universities. The permanent General Secretariat of ACIT is hosted by Zarqa University, Zarqa, Jordan.

LOCATION

ACIT'2016 will be held at Sultan Moulay Slimane University, Beni-Mellal, Morocco. Beni-Mellal is one of the most important cities of the centre of Morocco with rich historical background and a wealthy agricultural centre.

Beni Mellal is also and mainly the starting point to discover mountains, cascades, forests and wild life in its pure state. It offers to lovers of tourism of adventure, the most beautiful reliefs of High and Middle Atlas. It also has many caves and pits appraised by speleologists.

Beni Mellal is mostly a destination of ecotourism and tourism of culture. This vast garden where fields and farms dispute the space dominated by green plains, is located at the centre of Morocco, easily accessible from Marrakech, Casablanca, Fez, Ouarzazate, Errachidia and Rabat.

Computer Graphics	Information Security	Remote Sensing
Computer Networks	Information Systems	Software Engineering
Computer Simulation	Web semantics	Virtual Reality Systems
Database Systems	IT & Society	Pervasive & adaptive systems

SUBMISSION OF PAPERS

Researchers should submit a full paper describing their work, maximum of 8 single-spaced double column pages that also include illustrations. The first page should include the paper title, a brief abstract, a set of keywords, and text. Be sure not to include the authors' names in your paper. The abstract should be concise and not longer than 250 words. Immediately following the abstract, no more than six keywords are to be supplied for subject indexing. Keywords should not simply be taken from the title of the paper, but should be representative of the content of the whole paper and characteristic of the terminology used within the particular field of study. The introduction of the paper must be clearly written and should explain the nature of the problem, previous work, purpose and the contribution of the paper. The introduction is assigned number "1", and following sections are assigned numbers as needed. A conclusion section must be included and should indicate clearly the advantages, limitations, possible applications, and future work. The references section is not assigned a number. References should be numbered in alphabetical order by the first author's last name. Citations in the text should be by number and enclosed in square brackets, e.g. [1]. Electronic submission of papers as Microsoft's Word document or PDF via ACIT OpenConf is a must. ACIT OpenConf is a conference management system that automates the paper submission and the whole reviewing process. It can be accessed via ACIT web site at www.acit2k.org. Any question regarding submission or the reviewing process should be directed to acit@ccis2k.org. A final preparation format is available in the conference web site. Before final acceptance, all referees comments must be considered and the paper must be formatted according to ACIT camera-ready instructions that are provided in the conference web site. Accepted papers for authors who complete registration will be published in the conference proceedings.

EVALUATION PROCESS

The evaluation of submitted papers is based on the importance and usefulness of the research topic. Technical merits, novelty of the approach, soundness of results, and clarity of presentation are also considered as factors of the evaluation process. Each article will be fully refereed by a minimum of two specialized referees.
