The International Arab Conference on Information Technology (ACIT'2020) is a forum for scientists, engineers, and practitioners to present their latest research, results, ideas, developments, and applications in all areas of information technology. ACIT'2020 will include state-of-the-art lectures by invited keynote speakers. Tutorials on current issues and special sessions on new trends related to information technology and software industry could be organized. This conference is considered as the official scientific conference for the Colleges of Computer and Information Society, stemming from the Association of Arab Universities.

LOCATION

ACIT'2020 will be held at 6th of October city, which is located approximately 38 kilometers west of the capital Cairo, and about 17 kilometers from the great pyramids of Giza. 6th of October city is known as a higher education city, it hosts Egyptian students and students from various countries such as the Arabian Gulf, Jordan, Nigeria, Cameroon, Syria, Iraq and the Palestinian territories, who study at its private universities.

The city's name commemorates the commencement of the 1973 Arab-Israeli War on the 6th October 1973, the same date is chosen as Egypt's Armed Forces Day.

- Engineering Systems

PAPER SUBMISSION

Authors are invited to submit papers as Microsoft's Word document using the IEEE format. Paper template could be downloaded from the following website:

https://www.ieee.org/conferences_events/conferences/publishing/templates.html.

Electronic submission of papers should be done via ACIT OpenConf:

<http://acit2k.org/openconf/openconf.php>.

Questions regarding submission should be directed to acit@ccis2k.org. Accepted papers for authors who complete registration will be published by ACIT and the conference proceedings will be submitted for inclusion to IEEE Xplore (IEEE application pending). Authors of the best selected papers presented at the conference will be invited to prepare an extended version of their papers to be considered for publication in a special edition of The International Arab Journal of Information Technology (IAJIT). IAJIT is a Worldwide recognized Journal with an impact factor of 0.724 and is indexed in major scientific databases: ISI/SCI, SCOPUS, DBLP, among others.

EVALUATION PROCESS

The evaluation of submitted papers is based on the importance and usefulness of the research topic. Technical merits, novelty of the approach, soundness of results, and clarity of presentation are also considered as factors of the evaluation process. Each article will be fully refereed by a minimum of two specialized referees.
