

ACIT'2017
The International Arab Conference on Information Technology
Yassmine Hammamet, Tunisia
December 22-24, 2017
CALL FOR PAPERS

ACIT'2017

The International Arab Conference on Information Technology (ACIT'2017) is a forum for scientists, engineers, and practitioners to present their latest research, results, ideas, developments, and applications in all areas of information technology. ACIT'2017 will include presentations to contributed papers and state-of-the-art lectures by invited keynote speakers. Tutorials on current issues and special sessions on new trends related to information technology and software industry could be organized. This conference is considered the official scientific conference for the Colleges of Computer and Information Society, stemming from the Association of Arab Universities. The permanent General Secretariat of ACIT is hosted by Zarqa University, Zarqa, Jordan. ACIT'2017 will be organized by Zarqa University, Sfax University and Federal Association of Scientific Research, Technology and Information "FIRST". In parallel with the ACIT where several scientific publications from the Arabic World would be presented from the 22-24, an Asterisk Africa event will be organized between 22-24 December 2017. At the last day of ACIT edition, Hackaton also will be organized "Training and competition" in order to evaluate the performance of Android applications.

LOCATION

ACIT'2017 will be held at Yassmine Hammamet, a very beautiful town located on the northern peninsula of Cape Bon. It sits on the edge of the Gulf of Hammamet and is bordered by the Mediterranean Sea. Yassmine Hammamet is best known for its wide sandy beaches and water sports, and the city was actually the first tourist attraction in Tunisia.

Yassmine Hammamet is less than one hour from the capital Tunis and its Carthage International Airport and has become a favored touristic destination. The place has everything other than its stunning beach and its good climate; it has a beautiful and charming Medina, hotels of all classes, good restaurants and many options for daytrips.

TOPICS

Topics of interest include, but are not limited to:

AI & Expert Systems	Decision Support Systems	Machine Learning
Algorithms & Applications	Digital Telecommunications	Multimedia & Image Processing
Natural Lang. Processing (Arabic)	E-Commerce	Neural Networks
Bioinformatics	E-Learning	Parallel & Distributed Systems
Computer Architecture	Geographic Information Systems	Pattern Recognition
Computer Ethics	Human Computer Interaction	Reliability & Fault-Tolerance
Computer Graphics	Information Security	Remote Sensing
Computer Networks	Information Systems	Software Engineering
Computer Simulation	Web semantics	Virtual Reality Systems
Database Systems	IT & Society	Pervasive & adaptive systems

PAPER SUBMISSION

Unlike previous years, accepted and registered papers will be published and indexed in IEEE Explore. A full paper should be formatted following the IEEE format. To prepare your manuscript you will need to respect the following template https://www.ieee.org/conferences_events/conferences/publishing/templates.html

Please do NOT submit your camera-ready paper via EasyChair. The link for submitting the **camera-ready paper** and copyright release form is: <http://acit2k.org/openconf/openconf.php>

Electronic submission of papers as Microsoft's Word document via ACIT OpenConf. ACIT OpenConf is a conference management system that automates the paper submission and the whole reviewing process. It can be accessed via ACIT web site at www.acit2k.org. Any question regarding submission or the reviewing process should be directed to acit@ccis2k.org. A final preparation format is available in the conference web site. Before final acceptance, all referees comments must be considered and the paper must be formatted according to IEEE camera-ready instructions that are provided in the conference web site. Accepted papers for authors who **complete registration** will be published in the conference proceedings under IEEE Explore.

EVALUATION PROCESS

The evaluation of submitted papers is based on the importance and usefulness of the research topic. Technical merits, novelty of the approach, soundness of results, and clarity of presentation are also considered as factors of the evaluation process. Each article will be fully refereed by a minimum of two specialized referees.
